NOTE

1. Both testing charges and G.S.T. are subject to revision by the respective Competent Authority from time to time.

2. Both testing charges and G.S.T. should be deposited online.

3. In case, where the manufacturers get the machine tested partly, i.e. test of few parameters, rather than going for full test, the test fee will be charged at the following rates:
   (a) For testing of one parameter, the testing fee will be at the rate of 40% of the full test fee.
   (b) For testing of more than one parameter and up to 50% of the total test parameters, the test fee will be at the rate of 75% of the full test fee.
   (c) For full laboratory test (where laboratory and field tests are prescribed), test fee will be at 90% of the full test fee. In the same way it will be applicable for field test as well.

4. The test fee for confidential test would be 10% higher than the test fee applicable for Initial Commercial Test.

5. Once the machine is submitted for full test and the test fee as required is deposited with the Institutes and subsequently if the manufacturer/applicant withdraws the machine from test, there shall be no refund of test fee.

6. Additional test fee to the tune of 50% of the test fee applicable for ‘Initial Commercial Test’ will be chargeable for conversion of nature of test from ‘Confidential’ to ‘Commercial’ within the provisions contained in the ‘Test Regulations’. Such fee shall be deposited by the applicant at the time of application with the Director of the Institute. However, the same shall be refunded if the conversion is not approved.

7. The test fee shall be revised annually rather than revising the same after every three years. In this direction the test fee should be enhanced by 8 percent over the test fee prevailing in the previous year. The enhanced test fee shall be applicable w.e.f. 1st day of every fiscal year. The enhanced test fee may be made applicable on those machines which have been admitted for test on the 1st day of the fiscal year and thereafter.
