*One application and test sample of Aspee RT/PQJ 70 power weeder(S.No. 43 of the list of machine under test April. 2016) was withdrawn from the test by applicant which was not taken into account till last month. Further, one machine Fortune Agro FAI 20 PES remained in the list of machine under test(S.No. 23 of MPR September,2016), though the final report was released in June 2016, T.R.No. PS 232/1899. Hence difference of 2 adjusted w.r.t. last month MPR against this row. One test sample (combine harvester Crop Tiger -40 Maize variant) was taken under test with anticipation to get the ministry decision, which is removed. Thus total two samples are removed from list of machines under test.
